Your partner for essential oils

We can supply all Bulgarian essential oils - both conventional and organic quality and we can be your source for many other essential oils from the Balkan region.

We have clients from different countries and different industries, big and small companies. All of them love working with us, because we are trust-worthy, reliable, flexible. We guarantee products with high quality, fair prices and easy communication.

Our office and warehouse are more than 5ha in order to guarantee the best storing, processing and transportation conditions. We are engaged in various social, ecological and sustainability programs, willing to make our world a better place - for us and for the future generations.

We deliver Essential Oils World-Wide
